Wilton Elected Head of Grade School Board

Maplethorpe Re-elected on High School Board; Mrs. Osmond Also Wins

Robert Wilton was elected president and Mrs. Joseph Patrovsky and Roy Burdick were chosen members of the Antioch Grade school board at school elections held here Saturday. They were unopposed. Joseph Horton, retiring president of the board, who has served for several years, and Mrs. C. L. Kutil, a member, were not candidates for re-election.

Arthur Maplethorpe, who served as president of the Antioch high school board was again elected to membership. Mrs. Lester Osmond, a former board member, was chosen to succeed Mrs. Jean Ferris, a former board member.

Vote Tally
Maplethorpe received 685 votes, Mrs. Osmond 573, and Mrs. Ferris 427.

The high school board chooses its own officers from among its membership, at an organization meeting held especially for that purpose.

Mrs. Kapple, 87, of Lake Villa Is Dead

Death Occurs at Home of Her Daughter, Mrs. C. B. Hamlin; Funeral Today

Funeral services were held in St. Gilbert's church at Grayslake this morning for Mrs. Mary Kapple, who passed away Tuesday morning in Lake Villa after a three weeks' illness.

Mrs. Kapple, who for the past few years has made her home with Mrs. C. B. Hamlin, Lake Villa correspondent of the News, would have been 87 years of age in June.

She was born Mary Ryan in Pennsylvania June 30, 1853, and when a small child was brought to Wadsworth by her parents.

Her husband, Edwin Kapple, preceded her in death 18 years ago.

Survivors include three sons, Charles and Horace of Grayslake, and Allie of Lake Villa; three daughters, Mrs. Hamlin and Mrs. Paul Avery of Lake Villa, and Mrs. Harold Druce, Grayslake. There are 18 grandchildren and five great grandchildren.

A sister, Sister Marie of the Academy of Our Lady, Chicago, also survives.

Time of Two Soo Line Trains Here Is Changed

The time of two trains on the Soo line railroad has been changed, it is announced by George Kuhaup, Antioch station agent.

The south-bound evening train that formerly left the Antioch station at 8:30 p. m. will now leave at 7:48 p. m. The north-bound morning train that in the past was scheduled here at about 2:30 a. m. will now go at 3:07 a. m.

Antioch mail deliveries will not be affected by the changes in time. Postmaster John Horan states. Mail received at the post office by 6 p. m. will still be in time for the evening train. There will be no mail out Sunday or Monday morning.

Junior Legion Asked to Take Part in Parade at Veterans' Hospital

Otto S. Klass, advisor to the Antioch Junior Legion Drum and Bugle corps, has received a letter from E. S. Oddy, hospital relations co-chairman for the Tenth district of the American Legion, inviting the corps to march in a parade at the Veterans' hospital in North Chicago Sunday, May 12.

The parade will be a part of the observance of National Hospital Day. Dedication of two buildings which were recently completed will take place on this day. Inspection of the new wards will be held and a speaker of national reputation will be present.

The parade will start at 1 p. m. inside the grounds of the hospital.

Rescue Squad Attends Red Cross Demonstration

Several Antioch men, including members of the rescue squad and men who are enrolled in the Red Cross first aid class being conducted here, attended a demonstration of first aid work conducted by the Kenosha rescue squad for the McHenry county association Monday evening in Hebron. Herman Holbeck, Herman Rosling, L. D. Powles, Clarence Shults and John Horan were the Antioch men who attended.

Grass Lake Conservation Club Elects Officers

Marty Meyer as president heads the 1940 officers of the Grass Lake Conservation club who were elected at a meeting in Chicago last Thursday evening.

Harold Bauechler is the new vice-president; Don Johnson and Joseph Decker were candidates for secretary, with Johnson receiving the vote majority; Charles Haling was elected treasurer and Ernie Stiehl sergeant-at-arms.

The club is sponsoring a trap shoot Sunday, May 5, at the 3-R Gun club near LaGrange, Ill. Everyone interested is welcome to attend, it is announced, and prizes will be offered for each five-man team.

Teams wishing to compete are advised to get in touch with Charles Haling, telephone 372 or 195-J, immediately. The winning club will be awarded a beautiful trophy.

At a special meeting Thursday evening, April 25, final arrangements will be made.

Otto Klass is Elected to Head Men's Civic Club

Russell Barnstable Chosen as the New Vice-President

Otto S. Klass was elected president of the Antioch Men's Civic club at a meeting Monday evening in the high school cafeteria.

Russell Barnstable is the new vice-president, Ed Strang the treasurer and R. E. Chabough secretary (re-elected). Outgoing officers include President A. P. Bratrude, Klass as vice-president; Barnstable as treasurer.

The 7 o'clock dinner was served by home economics students at the school. Afterward, the club attended a demonstration of the Lake county rifle team, held in the gymnasium.

Klass has been active in civic and club affairs for many years. He is an influential member of the local American Legion post and was a leader in promoting the organization of the Junior Legion Drum and Bugle corps.

President Klass has appointed Armand Dalgaard membership chairman for the coming year.

Koolman Is Held on Armed Assault Charge

Bernie C. Koolman, Antioch automobile dealer, is being held in Waukegan on charges of assault with a deadly weapon, with intent to kill.

Koolman is reported to have threatened a former employee, E. C. Lee of Mundelein, automobile salesman, with a revolver, in the event Lee did not turn over certain papers or records to him.

After this incident, which occurred Tuesday at a gas station near Antioch, Koolman went to the New Palace Inn, a short distance away on Highway 21, where he terrorized occupants of the bar by brandishing his gun. "I had never seen the man before and was badly frightened," said Mrs. Peter Fass, wife of the proprietor, who was in charge of the bar at the time, and at whom Koolman leveled his gun.

Meanwhile, Lee had made his way to the Old Orchard Inn, also on highway 21, and had telephoned sheriff's deputies, who apprehended Koolman at the intersection of Routes 173 and 21, just after he had left the New Palace Inn and was on his way to Antioch.

Bonds of \$15,000 have been set, according to George Field, assistant state's attorney.

Village Board Deliberates on 15 Marshal Applications

Fifteen applications that have been filed for the office of village marshal to succeed the late Peter Petersen were considered at a meeting of the Antioch village council Tuesday evening.

The qualifications of the various candidates and their records of experience in various capacities were studied.

No final decision was reached, however.

Consideration of the applications will be resumed at another meeting Friday evening, when a decision may possibly be reached. Fred Peterson, street supervisor, has been acting as marshal pro tem, but does not wish to be a candidate for the office.

Liberty Corners Cemetery Association to Meet

The Liberty Corners Cemetery association will hold its annual meeting for the year of 1939-40 on April 27 at 2 o'clock at the Trevor hall for the election of officers and other business as may properly come before the meeting.

Election Forecast by Antioch News is 87% Correct

Prognosis April 4 Indicates 20 Winners Out of Possible 23

Five days before the primary elections in its issue of April 4, the Antioch News printed the following:

"There is little doubt that Richard J. Lyons will be the Republican nominee for governor or that C. Wayland Brooks will be the G. O. P. choice for United States senator in the Republican primary election next Tuesday. The Lake county vote seems almost a certainty as favoring the pair with a great majority of votes. . . . Ralph E. Church, who has been serving the tenth district as representative in Washington, D. C., is waging a rather late (and many feel, somewhat inadvisable) but never-the-less earnest campaign as Brook's rival for the Republican endorsement for U. S. senator."

C. Wayland Brooks was successful over Church by approximately 80,000, while Lyons lost the gubernatorial nomination by about 130,000, after carrying his home county, as predicted, by over 4,000.

The News printed on April 4:

"Of the seven entrants for Lieutenant-Governor, Earl B. Searcy is believed to be favored by Lake county voters, with Hugh A. Cross the runner-up in the vote-getting."

Cross was the nominee by a close vote.

Quoting from the News of April 4: "For secretary of state, Justus L. Johnson, former clerk of the Appellate court, of Aurora, will lead the vote, it is believed, over Richard Yates Rowe and Arthur J. Bidwell."

Johnson won the nomination by a large majority.

The News printed on April 4: "Arthur C. Luender, former postmaster of Chicago, is indicated as the winner over a field of ten candidates for state auditor, a field in which the News predicted camera clubs in Illinois would be the winners."

Luender was the winner.

The News, April 4: "A late check-up indicated that Howard W. Trevillion will receive the nod of Lake county voters for state treasurer, with Warren Wright and A. C. Lewis, the next two highest."

Warren Wright won by a close margin.

The News' prediction April 4: "For attorney general, George F. Barrett is believed to have the edge over the field of six candidates."

Barrett was the G. O. P. nominee.

The News printed on April 4: "Fourteen seek the office of congressman-at-large, leaving much room for speculation as to the result of the voting. This is the office sought by William G. Stratton, son of the late William G. Stratton, former secretary of state. One of the best known names on the ballot is that of Stephen A. Day, which may have much to do with influencing the vote in his favor."

Bus Service to Waukegan Will Be Resumed May 15

The American Motor Coach company will resume its schedule of bus service between Waukegan and Antioch about the middle of May, probably around Wednesday, May 15, according to Ted Poulos, manager of Ted's Sweet shop, which holds the local ticket agency.

The company, which holds the franchise for transportation along the route between here and Waukegan, has had permission in the past to discontinue its service during the winter months, so as to avoid operating at a loss. There has been some agitation, however, for year 'round service.

A representative of the company was in Antioch a few days ago to arrange for a home for the summer months, and plans to make a return trip some time next week.

A conference at which plans will be discussed for the establishment of better "commuting" service between the lake region and Chicago for summer residents is expected to be held in Antioch some time in the near future.

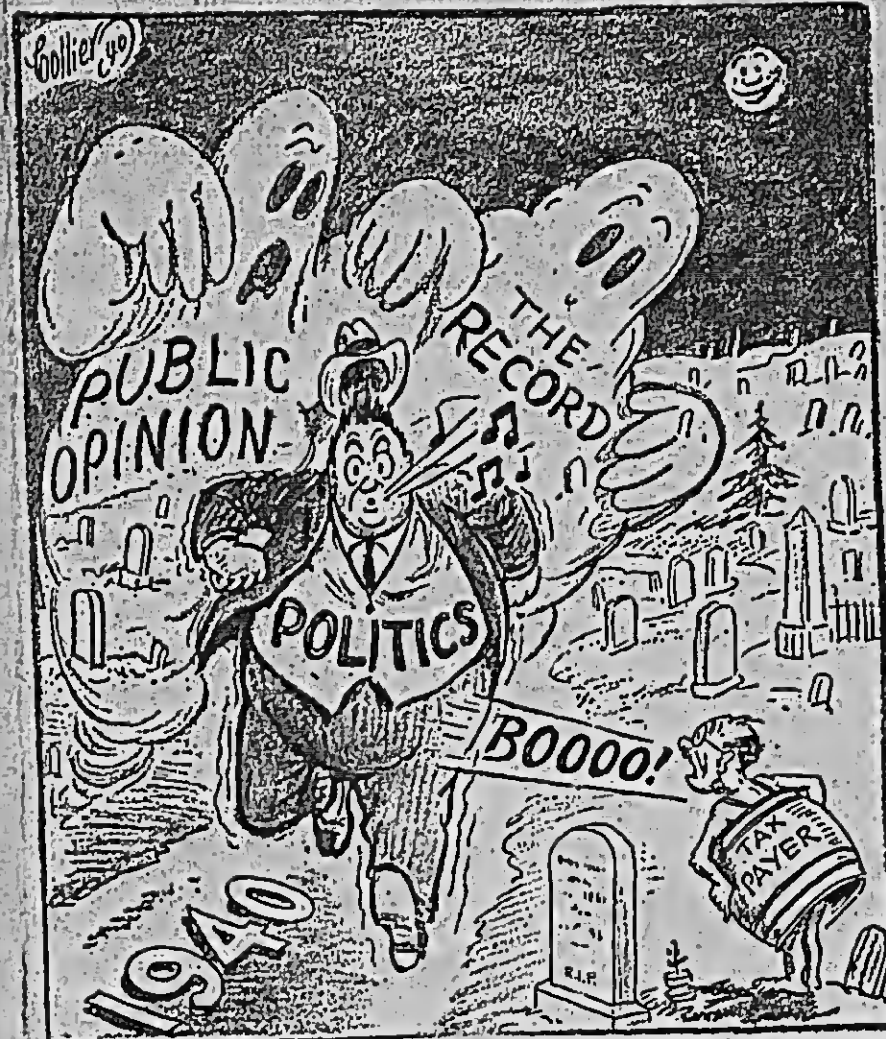

Plans for improving commuter service by rail or bus, or a combination of both, were also discussed at a meeting in Silver Lake last week.

Resort Owners Prepare to Entertain Fishermen

Another big influx of spring fishermen is expected by resort owners around Antioch this week-end. Excellent catches of crappie and bluegill have been reported by fishermen during the past few days.

Many cottagers have also begun to come out to the lakes for the week-end.

WHISTLING IN THE DARK

Reeves Expresses Thanks to Citizens Who Honored Him

Veteran Druggist, Ill., Asks News to Pass on Word of Appreciation

Victory Memorial Hospital, Waukegan, Illinois, April 17, 1940

The Antioch News, Antioch, Illinois: Gentlemen:

It has distressed me considerably to think that owing to a recurrence of my illness, I was unable to express my thanks to the people and organizations of Antioch who so kindly honored me by the presentation of a portrait etching at a surprise gathering in my drug store Easter Sunday afternoon.

Believe me, any favor you can do for me in this matter will be deeply appreciated.

Sincerely yours,

S. H. Reeves.

The Antioch News is glad to pass on to the people of the community this letter dictated by Mr. Reeves from his bedside.

"Daddy" Reeves, the "grand old man of Main street," and at 81 the oldest active business man in the village, has won the hearts of Antioch children for years by his kindly interest in their welfare, and by his long-established custom of presenting them weekly gifts of ice cream cones.

By his general interest in community betterment and his support of measures to promote it, he has achieved a high place in the esteem of the adult residents.

In an interview with an Antioch News representative yesterday, Reeves said:

"I am sure that anything I have ever been able to do for the children or for the community has brought me a great measure of happiness—to an amount at least equal to that imparted to others, if not, indeed, more. My greatest regret is that I cannot find words equal to expressing the joy the Antioch people's thoughtful remembrance has brought me."

J. B. Rotnour Season Approaches Its Close

Only three more plays remain on the schedule of the J. B. Rotnour players for this season, "J. B." announced this week. Tonight the players are staging "She Married a Doctor." Next Thursday their presentation at the Crystal theatre will be "The Baby Washer," one of the new laugh shows of the year, specially leased for Mr. Rotnour's territory.

Vandeville will be introduced by Jimmy Parsons and his "laughing sax" and Miss Margaret Peachy in a fast ballet number.

Firms from which merchant free tickets may be secured are listed elsewhere in this issue of the Antioch News. The theatre doors open at 7:30 o'clock and the curtain will rise at 8:15 sharp.

LOOKS LIKE A "DOUBLE HEADER" ON ANTIOCH AND FOX LAKE FESTIVAL DATES

Matters stood today at what might be called an impasse with regard to whether any changes might be made in conflicting dates of the annual Antioch Lions Club festival, set for August 8-11, and the Fox Lake Lions, Legion, Firemen's combined celebration recently announced for August 4-10.

Dr. D. N. Deering, president of the Antioch Lions Club, stated that the date for the festival here could not be changed without breaking contracts signed last fall with booking companies for various entertainment features.

"These companies have to lay out the routes for their tours in advance," he pointed out, "and changes afterward would be an injustice to them, and we are not prepared to do that."

Dr. Deering also mentioned that this is the third successive year that the Antioch festival has been set for this approximate date and that the date for this summer's event had already been announced in the Antioch News and other newspapers late last summer.

Other officers of the local club have commented to the effect that "we are sorry to hear that the Fox Lake celebration has been set for the same week. However, in case they are unable to change the dates, we do not feel that the two events need necessarily conflict with each other. We are glad to see any worthy affair promoted that will be a good drawing card for the lakes region, although we feel that the choice of a different date might spread the general benefits over a longer period of time."

Harold Meyers, president of the Fox Lake Lions club could not be reached in time for a statement, but at an earlier meeting of Antioch and Fox Lake representatives doubt was expressed that the Fox Lake dates could be changed.

Hartnell Wins Silver Medal in Tournament

Richard Hartnell of Antioch has been awarded a silver medal for placing second in the annual Future Farmers of America public speaking contest held Friday in the Dundee High school. The medal was presented by the Illinois Association of future Farmers.

Hartnell, who is secretary of the Antioch chapter of the Future Farmers, spoke on the subject, "A Foreign Vegetable Invades the American Plant Kingdom."

His discussion dealt with the edible soybean, a new introduction to American gardens.

Stuart Wells of Harvard, Ill., was the first place winner and will represent this section at a later regional contest. Francis Swenson of Antioch, sectional vice-president of the Illinois Future Farmers, presided at the Dundee meeting.

Judges at the contest were Miss Alice Franley of the Dundee High school, Mr. Cooke of the Pure Milk Association, and W. L. Edwards of the Production Credit association of Joliet, Ill.

Dr. and Mrs. B. J. Corbin have returned from spending the winter at Lakeland, Fla.

Prizes of \$17 Announced for O. E. S. Show

Entries Start Coming in for Amateur Program May 3

Many entries have already been received for the "Amateur Show" the Antioch Order of Eastern Star will sponsor Friday evening, May 3, in Antioch Township High school.

Cash prizes totaling \$17 will go to the winners in the show.

The winners will be chosen by a committee of competent judges, the committee for the show announces.

1-Act Play Entered

Among those who have already filled in the application blanks for the show are five members of the Young People's Christian League, Waukegan, who will give a one-act play, "Buddy Buys an Orchid."

Spring Grove, Richmond and Highland Park are also represented among the entrants. Lake Villa, Grayslake, Kenosha and other nearby towns and villages will also be represented.

Entrants will include dancers, singers, musicians, novelty and comedy performers.

The committee for the show includes Mmes. H. B. Gaston, Elmer Hunter, O. E. Hachmeister and Evan Kaye, in charge of publicity and advertising; Messrs. William Anderson and Samuel Pollock, in charge of tickets.

A style show, put on by MariAnne's of Antioch, will be a special feature of the program. Mrs. R. T. Wilton is in charge of the style exhibit.

F. F. A. Plans 17th Father, Son Banquet

C. L. Mast of Ill. Agricultural Association Will Be Speaker

The seventeenth annual Father and Son banquet sponsored by Antioch chapter, Future Farmers of America, will be held in the high school cafeteria Friday evening at 7:30 o'clock.

C. L. Mast, Chicago, publicity director of the Illinois Agricultural association, is to be the principal speaker.

Expect to Get Rescue Truck in Near Future, Chief Jas. Stearns Says

The Antioch Rescue squad expects to get its truck in the near future, possibly within a week. Fire Chief James Stearns, chairman of the Antioch Red Cross rescue truck fund, announced today. Funds which may not be needed for the truck will be applied toward the purchase of necessary equipment, he states.

Arrangements will be made by the village to supply a storage space for the truck.

The re-modeling of a building at the pumping station which is owned by the village and is used for the storage of machinery and the street department truck, or the building of an addition at the village hall are among the temporary expedients that have been considered.

Recent donors to the truck fund include:

John and Anna Petersen	\$2.00
Antioch telephone operators	5.50
O. W. Lehmann	10.00
George S. McLaughley, Waukegan	5.00
Public Service Co. of Lake Villa	15.00
Mr. and Mrs. George Meissner	
Loon Lake	5.00

Physical Education Event Attracts Packed House

A packed house both afternoon and evening greeted the physical education demonstration staged in the Antioch High School gymnasium Friday afternoon and evening.

Tumbling, pyramids, tap dancing, corrective exercises, drills and games and marching were included in the program, given by both young men and girls.

The demonstration was open to the public and was under the charge of R. H. Childers and Miss Margaret Stanley, physical education directors.

Music was provided by students of music department under the direction of Hans Von Holywede.

Is It Any Wonder?

April 10, 1940, has been set aside by the government to celebrate the 150th anniversary of the founding of the Patent System of this country. Following hard on the heels of a similar honoring of patents and inventors on the part of industry, through the National Association of Manufacturers, this is a date well worth setting aside on every calendar in the land.

The contribution of the inventors of this country to our present welfare, made possible only because the American Patent System provided these men with fair protection and fair rewards, is a record unmatched anywhere else in the world. We have the inventors to thank for our great industries employing millions of men, and we have them to thank equally for the higher standard of living that has resulted. We must look to them, too, for continued progress in the future.

The government should be commended for emphasizing this fact. But the neutral observer can hardly help remarking on one curious point in connection with the whole procedure. It is this:

On the one side, we see inventors being paid ample honor for their services in giving the average American a better and a richer life. On the other, we see certain individuals in government itself reversing this process and placing obstacles in its path—suggesting legislation to

hobble the machine, which has made jobs in industry possible, or offering proposals that would come close to scrapping the Patent system or altering its basic elements.

Is it any wonder that the average citizen with a stake in the whole matter who pauses to watch the antics in Washington is a little bit confused?

No, You Can't

You cannot bring about prosperity by discouraging thrift.

You cannot strengthen the weak by weakening the strong.

You cannot help small men by tearing down big men.

You cannot help the poor by destroying the rich.

You cannot lift the wage earner up by pulling the wage payer down.

You cannot keep out of trouble by spending more than your income.

You cannot further the brotherhood of man by inciting class hatred.

You cannot establish sound social security on borrowed money.

You cannot build character and courage by taking away men's initiative and independence.

You cannot help men permanently by doing for them what they could and should do for themselves.

—Dr. Hugh S. Magill in *Cedar Rapids (Iowa) Gazette*.

Help! For the More Abundant Life

There are approximately 36,782,000 families in the United States. If the United States Treasury were to send each family a bill showing its share of the national debt as of November 30, 1939, Mr. and Mrs. Householder would receive in the mail a notice informing them that they owed, as a family, about \$1,123.

FOR YOUR PROTECTION

At this season of the year itinerant roof applicators are touring the country looking for prospects for roof and side wall shingle jobs.

They Come - They Sell - They Apply - They Disappear

For many years, we have been telling the public that these products can be bought right here at home for less money and they will be applied by competent local labor, whose workmanship is unquestioned.

Many of the itinerant roofers remain in business for a short time only and in the event that you get a poor job, which happens not infrequently, you will have to bear the expense of your repairs, because of their financial inability or their unwillingness to return and make the job good.

Some Things to Watch in Dealing With These People!

1. That they do not overestimate the size of the job.
2. That they do not overcharge you per square for the job.
3. That they use insulation under the shingles.
4. That they protect the window stops from water.
5. That they repair sills where rotted.
6. That they talk around window and door frames.
7. That they use the best of materials.

In Dealing With Us

1. We will figure the size of your house right along with you.
2. We will show you how we arrive at our price.
3. We will use heavy weather pad insulation under the shingles.
4. We will use your neighbor, the local carpenter, to do the work.
5. We will be here years after the other fellow is gone.
6. We will finance your job if you have a steady income.
7. We will use the best of materials.

We are interested in the welfare of our customers and always try to give them the best values for their money. We do not have the time to call on each and every customer individually and take this opportunity to express the hope that you will take us into consideration before you close a deal for any kind of a building job.

We submit estimates cheerfully and without obligation on your part.

We Can Finance The Job If You Need It!

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

MICAH'S VISION OF PEACE

LESSON TEXT—Micah 4:1-5; 5:2-5a.
GOLDEN TEXT—And they shall beat their swords into plowshares, and their spears into pruninghooks; nation shall not lift up a sword against nation, neither shall they learn war any more.—Micah 4:3.

Peace on earth! Why, that is hardly more than a phrase which we recall at Christmastime as we think of the song of the angels. Yet now is the time to assure people that there will be peace on earth. Peacemakers who are now silent were striving to bring in a man-made peace, following a will-o'-the-wisp. Let us tell men about the real peace which will come when the Prince of Peace sets up His kingdom. Let us urge upon them the glad acceptance of His personal kingship in their hearts that they may even now know peace within.

Micah warned Judah that their rejection of God and His love would bring them sorrow and judgment.

In the midst of His message, however, he breaks forth into a glowing prophecy of the glory that is to come during the reign of the Messiah, the Prince of Peace.

I. The Foundation of Peace—God's Word (4:1, 2).

Vainly do men labor to bring about a lasting peace built upon the words of men, for the moment there seems to be gain in repudiating promises given in the greatest of solemnity, they become mere scraps of paper. There is no security in such words, nor in the guns and battleships used to support or to break them.

God's Word, the teaching of His law, walking in His paths—here is the foundation for real peace. Micah speaks of the time "in the last days" when the people of the earth shall go up to God's house to hear His Word and to learn to walk in His ways. To that blessed and holy day we look forward with anticipation and joy even as we now bring men the message of Christ's redemption and His peace.

II. The Prince of Peace—Jesus Christ (4:3-5).

This beautiful portion of God's Word (and such parallel passages as Isa. 2:1-5; 11:1-2) gathers together the longing and hopes of peace-loving men of every age. Perfect justice, the end of all wars, prosperity for peaceful pursuits, boys no longer learning warfare, complete social security, universal worship of God—what a thrilling promise!

Will it ever come true? Yes. When? In the "latter days" (v. 1, R. V.). Who has made such a promise? God Himself. Who will bring it about? God's Son, the Prince of Peace, who will come to "judge between many people."

Why will men be so blind to the "sure word of prophecy; whereunto ye do well that ye take heed, as unto a light that shineth in a dark place" (II Pet. 1:19)? Why will we reject Him who is "the day star" (II Pet. 1:19; Rev. 22:16) and who is even now ready to "arise in your hearts"?

III. His Coming—As Saviour (5: 2, 3).

This remarkable Messianic prophecy gave more than 700 years before the birth of Christ the exact place of His birth, so closely identified as to make both the prophecy and its fulfillment a testimony to the inspiration of the Bible. Note that this was the passage with which the priests and scribes answered the question of Herod (Matt. 2:1, 4-6) regarding the place where the Messiah was to be born.

Thus the coming ruler of Israel, the Judge of all peoples, the Prince of Peace, is none other than the Lord Jesus who was born into this world as the Babe of Bethlehem, "a Saviour . . . Christ the Lord" (Luke 2:11). Israel rejected Him and He had to "give them up" (v. 3), but the time will come when they shall see Him as their King.

IV. His Reign—As King (5:4, 5a). "This man shall be our peace" (v. 5, R. V.). He it is who "shall be great unto the ends of the earth" (v. 4); and that can be said of no man in all history except of Him of whom we sing,

Jesus shall reign where'er the sun
Does his successive journeys run;
His kingdom stretch from shore to shore
Till moons shall wax and wane no more.
—Isaac Watts.

His shall not be the reign of a despot, for we read that "He shall feed his flock in the strength of Jehovah" (v. 4, R. V.). His enemies and the enemies of God the Father must be put down, but His people will find Him to be the tender "good shepherd" who "giveth his life for the sheep" (John 10:11). He is that now to every believer, Sinner, why not take him now as your Saviour, your Good Shepherd, and join with His people in looking for His coming as King?

Opposition Helps
Efforts against the truth sometimes help its progress; the seed and the guard only make it more clear that the Savior rose from the dead.
—Brondus.

The public library has purchased a new book entitled "Southward Ho" by William La Varre. It is a travel story dealing with La Varre's trip into the little known interior of South America. He tells of the changes which two decades have wrought in the ever changing face of this mysterious continent and of ever greater changes which are to come, as the treasures of South America assume increasing importance for the world outside. This is an exciting inside story of the men who tap the sources of the tremendous wealth. Here is South America in all its incredible color and variety from the coasts of Panama and Ecuador to distant Lake Titicaca, high in the Andes.

"Punch and Judy Players" to Give Comedy May 9, 10

Amateur Drama Group Selects "Butter & Egg Man" for First

Claire Elliott, director, announces that the "Punch and Judy Players," Antioch amateur dramatic group, are showing real talent in rehearsals, for their first appearance before the footlights here on Thursday and Friday, May 9 and 10. At that time they will present the hilarious three-act comedy, "The Butter and Egg Man," by George Kaufman, in the High School auditorium.

Members of the 11-person cast include several local high school alumni who "made good" in school plays and who have since appeared in amateur productions.

The proceeds of the first play will be donated to the local high school alumni association.

Elliott directed stage productions professionally in Detroit for several years, and it is his opinion that there is sufficient good talent here to assure the success of Antioch's "little theatre."

House-Cleaning Time; Street Crew Gets Busy

It's house-cleaning time again for the Antioch street department.

Armed with shovels, brooms and scrapers, the street crew under the charge of Fred Peterson has been busy clearing away the winter's accumulation of matted dust and motor oil from along the curbs in main business section.

Main and Lake streets have already, during the past few days, taken on a considerable improved aspect, and the crew has been able to extend the operations of workers and their truck to adjacent streets.

The work has been delayed somewhat by rains, which made it necessary to scrape away debris that could otherwise have been swept up, Peterson reports, but it is progressing rapidly.

Amateur Photography Club to Be Resumed

The amateur photography recreation class which aroused a great deal of interest in and near Antioch last summer will be resumed this year. It will again be under the guidance of Tex Wiley, and the first meeting was held Tuesday, April 16, in the Antioch Grade school.

Besides his work here, Mr. Wiley has directed camera clubs in Elmhurst, North Chicago, Deerfield and Libertyville.

The meetings will be open to the public, and no charge will be made. If enough interest is shown by camera fans, plans will be made for a "dark room."

One of Four Hancock Slayers Seeks Leniency

Joseph Russo of Chicago, who with 3 other men was sentenced in 1938 to prison for the killing of William Hancock at Antioch, is one of 29 Illinois state penitentiary inmates who are petitioning the state parole board for clemency, it was learned this week.

Russo was sentenced to a 14-year term in 1938, and has been serving out his sentence at Joliet penitentiary.

Hancock's death occurred in 1932, but the identity of his slayers was established and their capture effected only after six years of patient detective work on the part of Sheriff (then Deputy) Thomas E. Kennedy.

Grade School's Music Festival Is Set for April 26

Rhythm bands, "tonette" bands, boys' and girls' glee clubs and the upper grade band will take part in the annual music festival to be given by pupils of the Antioch Grade School Friday evening, April 26, in the High School auditorium.

A play, "Five Hundred Hats," to be given in costume, will be another feature of the program.

Records Pile Up as State Grows Older

In 1820 when the government of Illinois was moved from Kaskaskia to Vandalia, a distance of about 100 miles, all the official records were carried in one small wagon that had been purchased for \$25.

According to the Illinois Writers' Project, W. P. A., this incident affords a striking contrast to the task of engineers who were laying plans for the new State Archives Building at Springfield in 1935. In order to care properly for the vast accumulation of documents they decided to sink sissos 35 feet to bed rock to support the weight of 6800-six drawer files with a capacity of 1,400,000 cubic feet of records.

Money to Spend But Nobody to Take It

In 1829 an Illinois traveler with \$1.00 in his possession received board and lodging during part of his journey because no one could change his money.

An account noted by the Illinois Writers' Project, W. P. A., says that he came down the river from Galena to Quincy in a skiff, and from there set out on foot for his home in Edwardsville. He traveled as far as Carrolton in Greene county before he found a person with enough money to "break" his dollar.

Another early traveler who had settled in Adams county in 1829 once related that he had made the round trip from Quincy to a point in Kentucky on 75 cents, "and didn't sponge or beg."

Silent Wedding Bells Meant Loss of Money

An Illinois historian has discovered that in territorial days the word of a bridegroom has to be as good as his bond, or else he lost \$500. An early law, it is said, required a bond of that amount from any man who promised to marry, and if he failed to be present at the ceremony he forfeited the money.

According to the Illinois Writers' Project, W. P. A., the same historian found that the bond had to be posted and the license secured three months before the announced wedding day.

Warriors Rode Safely Over Trembling Lands

When Illinois soldiers in pursuit of Black Hawk, Chief of the Fox and Sauk Indians, entered the lake region between Dixon and Galena in 1832, it is said that they came upon "trembling lands" which quivered beneath the weight of a single man but were strong enough to support an army.

One historian points out, says the Illinois Writers' Project, W. P. A., that the soil, which was from six inches to a foot in thickness, rested upon water and beds of quicksand. In some places it was so thin that horses would fall through to the shoulder yet they were pulled out with but very little difficulty.

Hungarian Duel of Honor

In the Hungarian duel of honor, the duelists each draw a ball from a box that contains one black and one white ball, says Collier's. Under the code, whichever gets the black ball must commit suicide.

Mourning Dove Habits
The best way to measure the growth of a nestling mourning dove is by recording the length of the wing, according to scientists of the American Wildlife Institute. This fact was developed at an Alabama co-operative wildlife research, demonstration and management unit. Nesting habits of the mourning dove are being closely studied at this and other co-operative units of the Institute in an effort to determine with scientific exactness just when the birds rear their young. In many localities it has been found that the open season on the doves is being set during a period when the birds were still nesting. Thus, each dove taken leaves a family of nestlings to die of starvation.

Saved by the Watch
Railway Detective W. W. Caldwell, Salisbury, N. C., owes his life to a timepiece that will tick no more. A man, surprised in a freight car, fired two shotgun charges at close range at Caldwell. A heavy watch in the detective's pocket caught the first shot; the second went wild.

SOCIETY

Xavier Schimmels are at Home to Friends, in Waukegan

Now at home to their friends at 708 Hickory street are Mr. and Mrs. Xavier Schimmel, who have just returned from a brief honeymoon trip to the southern states.

The bride before her marriage Saturday, April 6, in the rectory of St. Anastasia church in Waukegan, was Miss Helen Strang, daughter of Mr. and Mrs. L. G. Strang of Antioch.

The bridegroom is the son of Mr. and Mrs. Eugene Hawkins of Antioch. Mrs. Clarence Shultis, sister of the bridegroom, and Edward Strang, brother of the bride, attended the couple at the 11 o'clock service, at which members of the immediate families were present.

A dinner was served in the Strang home afterward.

Both the bride and bridegroom are graduates of Antioch Township High school. Schimmel is in the employ of a Waukegan laundry concern.

FEDERATED YOUTH TO VISIT TRAVEL SHOW

Arrangements are being made for the Federated Christian Youth group of Lake county to visit the Fifth Annual International Travel exposition in the Stevens hotel, Chicago, Sunday, April 21. A supper will be enjoyed at the hotel. The supper expenses will be 50 cents and admission to the travel show 25 cents, group members are advised. Those who are going will meet at the Libertyville Methodist church at 1:30 p. m.

COMMITTEE FOR P. T. A. PARTY ANNOUNCED

Mrs. Henry Rentner, Mrs. Cleo Vos, Miss Marion Johnson and Miss Katherine Smith are the committee for the card party the Antioch Grade School P. T. A. will sponsor Monday evening in the school house.

Both auction and contract bridge, as well as pinocle and five hundred, will be played.

Prizes and refreshments are also being planned for the event, for which an admission charge of 35 cents will be made.

CHANNEL LAKE CLUB WILL SPONSOR PARTY

A dance and card party will be held in the Channel Lake school Tuesday evening, April 23, at 8 o'clock, under the auspices of the Channel Lake Community club. Refreshments will be served after the card play. The "Aristocrats" orchestra, which has won the approval of Channel Lake partygoers on past occasions, will play for the dancing.

ROYAL NEIGHBORS PLAN CARD PARTY

Bridge, five hundred, pinocle and buncio will be played at a public card party the Royal Neighbor association plans to hold Friday evening, April 19, at 8 o'clock in the Danish hall. An admission charge of 25 cents will be made for the event, at which a luncheon will be served.

AID HEARS TALK ON HOME FURNISHINGS

Mrs. N. R. Gotthoff of Graylake was the speaker at a meeting held by the Antioch Methodist Ladies' Aid society Wednesday afternoon in the home of Mrs. B. R. Burke. A luncheon was served after the program.

Ten tables of bridge and five hundred were in play at a card party for the benefit of the Antioch Eastern Star chapter held Thursday evening in the home of Mrs. Mollie Somerville. A luncheon was served afterward.

Winners of bridge awards were Mmes. Arthur Rosenfeldt, Birger, Iza Henry, D. N. Deering, Paul Ferris, C. E. Hennings and Vera Kentner.

Awards in five hundred went to Mmes. Arthur Laursen, Burt Anderson, John Gaa, and Messrs. Arthur Hawkins, Oscar E. Hachmeister, Arthur Laursen and Lester Osmond.

James C. ("Red") Fields is a medical patient in the Veterans' hospital at North Chicago. Fields, a World War veteran with a record of distinguished service, and the holder of four medals, was accompanied by John Horan, service officer of the Antioch American Legion post. By a recent order from Washington, D. C., Lake county veterans have the privilege of using 25 beds in the hospital for medical patients. Fields, who was gassed during the World War, will remain at the hospital for observation and treatment.

Mrs. William Anderson filled the office of organist at the Highland Park Eastern Star chapter's "Friendship Night" Wednesday evening. Mmes. Sidney Kaiser, Paul Ferris, Robert Wilton, O. E. Hachmeister and H. B. Gaston attended from Antioch. Mrs. Anderson is worthy matron of the Antioch chapter.

Mrs. Clara Westlake has just returned from spending three months in Waukegan, visiting a friend. She has as guests at her home now her daughter, Mrs. Monte Hinton, and grandsons, Robert and James Hinton, of Sturgis, Ky.

Mrs. Thomas McGreal entertained the members of her five hundred club at her home Wednesday afternoon.

SERIES OF BAHAI BROADCASTS ARRANGED

Beginning Monday, April 22, at 2 p. m., the Racine Baha'i assembly will sponsor a series of radio broadcasts over station WRJN of Racine, on "What is the Baha'i Faith?" under the personal direction of Nina Mathisen, of Bristol, Wis., a member of the National Baha'i Radio committee.

The series will begin with Mrs. Mathisen being interviewed by Irving Hansen of Racine, as to the "Symbolism of the Baha'i Temple." In this interview, Mrs. Mathisen will explain why it is called a "Temple of Light," the symbol of its unique architecture, the symbolism of the number nine used so much, the principles for which it stands and other interesting facts about this world famous temple.

The Antioch-Bristol Baha'i group meets each Tuesday evening at 8:30 in the Mathisen home on highway "Q." The group announces that during the period of these broadcasts the public meetings will be devoted to a discussion of the subject broadcast that week, and to the answering of questions that may have come to the mind of the listener.

Injured in Highway Crash

Mrs. Evelyn Hutton of Chicago, mother of Mrs. E. J. Hays of Antioch, suffered injuries to her shoulder yesterday when the car in which she was riding was struck by another auto at the intersection of Skokie highway and 173. Also suffering injuries to ribs was Mrs. Fred Sanborn of Belle Fourche, S. D., driver of the car. The two, accompanied by Mrs. Alfred Hansen of Phillips, Wis., were enroute to Antioch to spend the day here with Dr. and Mrs. Hays.

Mrs. Michael Golden entertained the members of her bridge club from Chicago at a 6 o'clock dinner at her home last Thursday evening.

Mrs. Arthur Rosenfeldt was hostess to the members of her bridge club last Tuesday afternoon.

Law on the Farm

By H. W. Hannah

Warranty Deeds—Next to having their personal liberties defined and protected, people are perhaps more interested in secure property titles than in anything else. The security of title to real estate depends not only upon existing facts which affect it, but also upon the covenants or promises made to the purchaser by the seller. Facts may subsequently disclose that the title taken by a purchaser was faulty, but if the man who sold it warranted a good title, the buyer has recourse against him, either to make him clear the title or for damages in case the property is lost.

Two kinds of warranties may be made by a seller—express and implied. Express warranties are those contained in writing in the deed. Implied warranties are those that will be implied in law from the nature of the instrument, even though they are not mentioned in it. For example, when a farmer contracts to sell seed corn, there is an implied warranty that it will grow.

Since the public is interested in secure property titles, the Illinois legislature in 1872 provided that:

"Deeds for the conveyance of land may be substantially in the following form:

"The grantor (here insert name or names and place of residence), for and in consideration of (here insert consideration) in hand paid, conveys and warrants to (here insert the grantee's name or names) the following described real estate (here insert description), situated in the county of _____, in the State of Illinois.

"Dated this _____ day of _____, A. D. 19_____.

(L. S. stands for "seal")

The law further provides that every deed substantially in this form, when otherwise duly executed, shall be regarded as a sufficient conveyance in fee simple to the grantee, his heirs and assigns, and that the following covenants will be implied on the part of the seller or grantor:

1. That at the time of delivering the deed, he had an indefeasible estate in fee simple, with the right and power to convey.

2. That the property was at that time free from incumbrances.

3. That the grantee will have quiet and peaceable possession and that the grantor will defend the title against all persons lawfully claiming it.

The laws referred to may be found in the Illinois Revised Statutes Chapter 30, section 8.

Ted Larson Heard in Radio Programs

Ted Larson, of Antioch, junior at Illinois college at Jacksonville, Illinois, is taking part every Saturday in the round table discussions on international relations sponsored by the International Relations Club of which he is president. The programs are broadcast from various colleges and universities throughout the middle west. The program was heard last Saturday from Jacksonville where he made the address of welcome to the conference.

Ted is the son of Mr. and Mrs. P. T. Larson of Antioch, and he is an alumnus of the Antioch Township High school.

"Student Tickets" Are Announced for Community Party Sat., April 27

In addition to the regular adult admission tickets (for which a 35 cent charge is being made), there will be a special student and children's ticket at 25 cents for the annual Antioch Community party Saturday evening, April 27, it was announced today by Mrs. E. J. Hays of the Recreation association.

Old time and modern dancing, on two different floors, and two orchestras will be featured. Cards, prizes and refreshments are being planned, with the various Antioch organizations in charge of the different features. Other incidental entertainment may also be arranged.

The party, to be held in the Antioch Township high school, is open to residents of other communities as well as of Antioch, the committee announces. Tickets will be available at the door.

S. H. Reeves, who has been at Victory Memorial hospital in Waukegan since Friday for observation, is reported improving.

Mr. and Mrs. E. Thompson and Charles Van Patten, who have spent the winter in Leesburg, Fla., returned Monday.

GRASS LAKE

SPRING IS HERE! FISH ARE BITING AND PURPLE MARTINS ARRIVE!

The Purple Martins that usually arrive every year on the 2nd of April, have finally arrived here two weeks late, and along with this news comes also the good news that the fish are starting to bite. So spring must surely have to be here at last.

Some of the fishermen who have brought in their limits of bluegills and crappies this past week, are Vergil Davidson, Peter Jacques, "Lefty" Detterbeck, Kenny Shuett, Fred Hueter and numerous others from the city.

INCUMBENTS REINSTATED AT SCHOOL BOARD ELECTION

News to the effect that opposition was to be offered the incumbents running for office, brought out a large number of voters to the school board election held at the schoolhouse Saturday night. But there proved to be none and the existing officers were re-elected as follows: Mrs. Herman, Charles Smith and L. P. Yopp.

The Iliffo Pinocle club met last Wednesday evening at the home of Mrs. John Yopp on Petite lake. Prizes were awarded to Mrs. George Gerl and Mrs. Emil Steiskal.

Amateurs! Get your application blanks for the Antioch Eastern Star Amateur Show (May 3) at Antioch News office, or from Mrs. Elmer Hunter or Mrs. John Gaa. Cash prizes for winners!

The Thursday Afternoon Pinocle club enjoyed dinner and a show in Chicago last week. Having wound up their season, the members decided to have a day's outing and spent the entire day downtown. From reports received, they had a wonderful time and all but two of the members made the trip.

Her friends will be glad to hear that Mrs. Haling is feeling better after suffering a severe setback last week. Peter Waldecker is back at work in North Chicago after spending almost a week abed with the flu.

Mrs. Shamus Roepeneck, who was injured in an accident last week, is recovering rapidly and although painful, her injuries are not serious.

The Jim Culbertsons are again having "animal trouble!" This time it is Trevor, their black cat, who disappeared over a week ago and of whom no trace has been found. (Correspondent's note: Bud Seeloff hasn't by any chance been playing cards down there again, has he? You know what happened last time!)

Mrs. Roger Flint and Mrs. Ahlander called on Mrs. Haling last Tuesday.

Charles Haling and Clara Haling attended the Grass Lake Conservation Club meeting in Chicago last Thursday evening.

The students of the Grass Lake school will give an operetta on April 26th. Everyone is welcome to attend.

Mrs. D'Armand of Muncie, Ind., who is the mother of Mrs. Emil Steiskal, has been reported quite ill, but is recovering from a serious operation. She expects to leave the hospital in another week. Mrs. D'Armand spent several weeks here last December visiting her daughter.

The Observer

An Antioch radio fan says, "When we get to Utopia we are going to have radio announcers who say, 'Our product is good. Try it!' instead of waxing lyrical and poetical, not to mention hysterical. We occasionally feel a little ungrateful when we listen to a sponsor's program and then dial out the advertising, but sometimes it's an awful relief."

We were talking to a journalistic acquaintance not long ago, and we asked, "Is it really true, as one so often hears, that celebrities are 'just folks' when you get to know them?"

And the answer was, "Maybe so. But you'd be surprised how they show it. Tom Mix talked about philosophy and told how the 'unreality' of Hollywood and movie acting used to 'get him' once in a while. Blanche Sweet was a terribly practical sort of a person to talk to—like a neat efficient business girl rather than a saccharine movie heroine. John McCormack, the great singer, was interested in politics and economics, and seemed more concerned over the state of American government than the state of American musical culture. Sally Rand dumped a couple of big feathered fans off a trunk so we could sit on it, and said that day (knock on wood) she

was going to be acting in real plays—Shakespeare and all that—but in the meantime her fans were earning her a pretty good living, and she supposed she'd better make the most of them. Hoot Gibson talked about airplanes with another aviation enthusiast while we tried to pry him loose long enough for an interview, and finally gave up. Olive Borden, one of the prettier faces of silent film days, wanted to know if there was a beauty shop near the theatre so she could get her hair fixed up in time for her first appearance. She had the most beautiful eyes we ever saw except Mrs. Martin (Osa) Johnson's. The Johnsons talked about church suppers they had gone to out in Kansas, and how good the chicken was. They had flown over African jungles without mishap time and again, making moving pictures, although people were always telling them how dangerous it was—but he was killed in an airplane crash out west, while they were on one of their trips 'back home.'"

Did you know? That Antioch is a plant for the manufacture of carbon paper; and a lot of other industrial enterprises—including a chinaware manufacturing company, a packing house, a milling company, a candy-making establishment, a home-style cannery, a bakery, an ice company, a couple of lumber and coal companies, an ice-cream parlor, a fishing bait company, an old-style blacksmith shop, some garages that are better equipped than lots you will find in cities that are quite a lot bigger... to say nothing of the usual assortment of grocery stores and meat markets (11), retail clothing establishments (3), a department store, a curio shop, beauty shops (3), theatres (2), restaurants and other eating places (7), taverns (5), barber shops (4), drug stores (2), stationery supply and "five and ten" stores (2), radio specialty shop, (1), electric goods stores (2), laundry and dry-cleaning agencies, and... we give up. Maybe our figures are a little off, but they will give you an idea of why Antioch is frequently called "the big little city in the U. S." (Yes, we've heard other places called that, too, but we've always felt their claims were spurious.)

Fort Sheridan, Ill. (AP)—Howitzers and anti-aircraft guns mingled their deep-toned thunder with the rattle of machine guns today as the regular army demonstrated the latest in martial equipment for Army Day guests.—Waukegan News-Sun, April 6, 1940, p. 7.

Yeah, we have 'em happen to us, too. Accept our sympathy folks... Some of the ones that scared us the most were the ones that ALMOST (but not quite) got in. We're still quivering about the one in which the notes from a death notice got written up twice... about three years apart... and somebody's eagle eye spotted the "repeat" in time. It had a most beneficial effect in keeping the desks up front cleared of debris and in pretty good order... for a couple of days.

We happened to be on the receiving end of a couple of remarks the other evening that were accidentally intentionally aimed for our ears about the mistakes newspapers make (and they sometimes do)—and we were irresistibly reminded of a remark somebody or other made once to the effect that "The doctor buries his mistakes, and the lawyer sends his to jail, but the newspaper man prints his for all the world to read." And we wouldn't be a bit surprised but what maybe he was right.

Yub, Sprig has cub, aw rid, I'd bust hab, we'd got a code id a hed, And nobody sympathizes, either.

California's Mother Lode
The mother lode region in California is a belt of country from a few hundred feet to two miles in width and about 100 to 120 miles in length on the western foothills of the Sierra Nevada range. It is located in the following counties: El Dorado, Amador, Calaveras, Tuolumne, Mariposa. There is some placer mining going on in this region at present.

Election Forecast...

(continued from page 1)

Frank J. Mackey also is said to be favored by Lake county voters. Two are to be nominated.

Day and Stratton were the winners.

April 4, the News named Paddock as winner. "George A. Paddock, Republican political leader in Chicago, seems to be the choice of Lake county voters to succeed Ralph E. Church for congressman from the tenth district. Paddock has backing in the Cook county part of the district that will be extremely difficult to overcome; however, he is being given a close race by Drennan J. Slater, also of Chicago, and whose name appears first on the ballot. There are six names on the ballot for this office."

Paddock won by a substantial margin.

Form the News forecast April 4: "Senator Ray Paddock, first elected to the state senate from the 8th district (Lake, McHenry and Boone counties) in 1928, it is believed will have little trouble in defeating his three opponents—Richard B. Martin, Verne Corley and Albert E. Nordstrom."

Senator Paddock won easily over his three opponents for the Republican nomination.

Names Keller highest — Antioch News April 4: "That Nick Keller, able representative from the eighth district, will again lead the G. O. P. vote there is little doubt among political prognosticators. As the campaign closes the naming of the second Republican nominee becomes a matter of conjecture with three aspirants conceding a chance. Rep. Harold L. Kelsey may have a strong chance to repeat his victory of two years ago."

Keller lead the vote with about 29,000 votes, and Kelsey No. 2 man with 23,000, to defeat C. Russell Allen of McHenry county and Willis Overholser of Libertyville.

Said the News April 4: "The state's attorney's race is a toss-up, with the candidates—Charles E. Mason, incumbent, Harry A. Hall and George McGaughey, running a neck and neck race for the county's best paying office."

Hall won, receiving more votes than his two opponents combined.

News picks Taylor—April 4. "It is believed that Coroner John L. Taylor will win his race for re-nomination and election to the office he has held for 40 years."

Dr. Taylor received more votes than the combined vote of his two opponents, Charles H. Krueger and Dr. John E. Walter.

Of the Democratic candidates, the News printed the following: "The more or less famous Democratic 'political machine' headed by Mayor Ed Kelly and Patrick A. Nash, Cook county chairman, swelling in minor league action this week to secure victory for their favorites. A marked sample ballot put out by the 'machine' carries only the names of those candidates who have won favor from the big shots."

The "machine" slate of candidates won the Democratic nomination in every case, including James M. Slattery for U. S. senate; Harry B. Hershey for governor; Louie E. Lewis, lieutenant; Edward J. Hughes (unopposed) secretary of state; John C. Martin, auditor of public accounts; Homer Mat Adams, state treasurer; Harold G. Ward, attorney general; T. V. Smith and Walter J. Orlikowski, congressmen at large.

"Rep. Thomas A. Bolger, the Horner administration candidate for representative from the eighth district, is favored to win over Jack Hoff, the Lake county entrant." Antioch News, April 4.

Bolger was the nominee by a large majority.

Thus, by indicating 20 winners out of a field of 23 candidates considered, the News printed a prognosis that proved to be 87% correct.

"Abraham Lincoln, the Aristocrat," is the topic upon which Jack Worth, lecturer and explorer, will speak on the assembly program at Antioch Township High school Tuesday afternoon April 23, at 2:30 o'clock.

The program, to be held in the auditorium, will be open to the public, without admission charge, the school announces.

Springfield Farm Boys Purchase Stock Here

Seven head of young pure bred dairy heifers have been selected in this vicinity by the Vocational Agriculture instructor, R. M. Tomlin, of Springfield High school, for students' project work.

While here, he was accompanied by C. L. Kutil of the local High school on a tour of fifteen farms.

Two Jersey heifers were purchased from Charles Holloway; two from George Price; one Guernsey from Bert Edwards, and two from Edwin Friend.

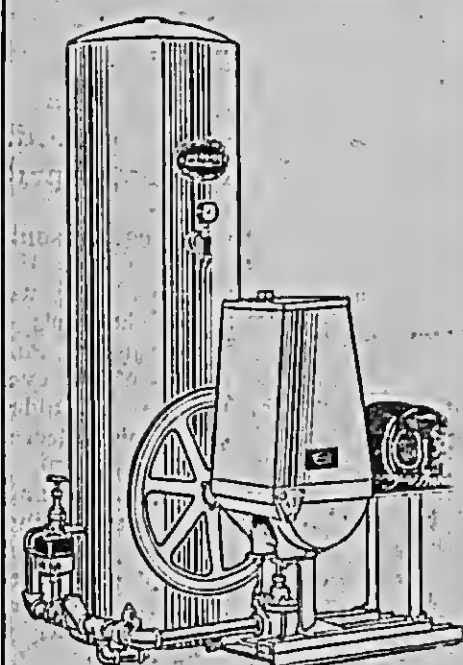

According to C. L. Kutil, there is a severe shortage of pedigreed Guernsey animals for sale due to the "Golden Guernsey" milk requirements of the Lake Shore cities. Farms supplying this milk must now have 50 per cent of their herd pure bred.

from poor, itinerant parents on the 6400 volumes of reference material written about our famous president. In order to make a biographical motion picture of Lincoln's life, Worth was appointed to make a five-year research of all that is known about Lincoln.

From this work, Worth found that Lincoln was descended from a respected country family that lived in England in 1639. Of this family, Samuel Lincoln came to Salem, Massachusetts, and from this man on, the Lincoln family was famous for the lawyers, statesmen, and governors that figured in Massachusetts history.

Injustice to Mary Todd?

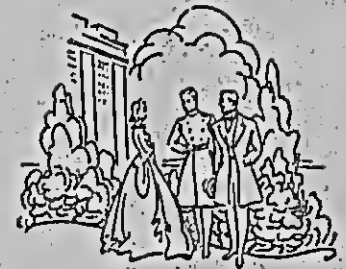

Most of the biographers, Worth says, start in on Lincoln's ancestry with his father, who was a hardy pioneer and quite naturally didn't live in

the luxury and comfort of the Eastern cities. "In fact," says Worth, "it is a wonder that the authors permitted Lincoln to live after the environment they placed him in." Bill Herndon, according to Mr. Worth, was the arch-enemy in that he blackened the character of Mary Todd, Lincoln's wife, and exalted the romance of Abraham and Anne Rutledge.

"Millions of women," claims Worth, visit the grave of Anne Rutledge and pay homage to one bone, three pearl buttons, and a lock of hair, while not one ever drops a rose on the grave of Mary Todd, the woman without whom Lincoln would never have achieved success."

Thus, heredity and environmental factors, plus his marriage, prove, according to Worth's research, that Lincoln was an aristocrat.

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Nazi-Russ Thrust Into Balkans Feared Next Move in Europe; Reich Threatens Low Countries

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

THE WAR: Norse Blitzkrieg

"... The Reich's government thereby assumes protection of the kingdom of Norway for the duration... The Reich's government is convinced that it serves Norway's best interests by this action... All resistance would have to be and would be broken..."

Day before, Britain had planted mine fields along the Norwegian coast, hoping thereby to block Nazi trade lanes through Norway's territorial waters. Hopping mad, Oslo protested. More resolute, Germany took action. So fast, so secretly that it was over before the world knew, Nazi troops seized Copenhagen while the government ordered Danes to offer no resistance.

Up north along the Norwegian coast the Reich staged a modernized version of the old Trojan horse trick. At Bergen, Narvik, Trondheim and other ports peaceful looking merchant vessels suddenly bristled with guns. Crewmen turned into marines. While warships steamed up the Oslo fjord, 30 heavy tri-motored bombers landed troops at Oslo airport and sent them marching against the city. The government fled inland to Hamar, hurling a declaration of war at the invader. After seven months, hostilities had finally started.

Reactions

What happened at sea the next two days was at best a guess, for no observer knew how many Nazi, allied and Norwegian ships were locked in the biggest North sea battle since Jutland.

In 48 hours an estimated 27 naval vessels reached Davey Jones' locker, 20 of them German.

Early reports told that British ships had pushed their way into Bergen and other Norwegian Atlantic

and France were sinking with their ships, the folks back home were somehow relieved that the war had finally started.

In the Lowlands, Adolf Hitler's blitzkrieg in Scandinavia brought justified fear to Dutch and Belgian hearts. It was learned authoritatively that the Nazis delivered a virtual ultimatum to both countries, informing them that any attempt to place themselves under British-French protection would serve as the signal for an immediate lightning attack. Strict censorship was clamped down in both countries, while Britain's War Czar Winston Churchill hinted in a speech to the house of commons that the allies expected this to be the next site of Nazi aggression.

In the Balkans, significantly silent was Germany's axis partner, Italy, but a fast developing crisis in the nearby Balkans held great potential danger. Same day as German troops reached Oslo, Propaganda Minister Joseph Goebbels charged the British with sabotaging Germany's Danube river outlet to southeastern Europe.

Precipitously, the next 24 hours found Russian troops massing on Rumania's Bessarabian frontier, while Hungary, Yugoslavia and Bulgaria received simultaneous ultimatums from Germany. Give us control of all Danubian shipping. Danger here was that the allies might consider this unilateral, bringing war into the Balkans. A few hours later it was learned without confirmation that the allies had placed mines in every British-French-owned oil well in Rumania, threatening to blow them up if the Germans or Russians invaded.

In Russia, silent as a sphynx about these goings-on was Moscow, the Reich's No. 1 ally. But observers wondered if Hitler's invasion of Norway and Sweden might be part of a plot for eventual Nazi-Soviet dismemberment of Scandinavia. Sweden, on the hot spot, held her breath.

In Sweden, thoroughly alarmed, certain she was next on Adolf Hitler's list, Sweden ordered a constant watch, full army mobilization and nightly blackouts. To every pound of Sweden's 1,500,000-ton merchant marine went the radio message: Seek a neutral haven and stay there. — Kenneth — Phone 3-4-4-4.

WHITE HOUSE:

Scandinavian Rebound

Back from a Hyde Park holiday sped Franklin Roosevelt. It was time to take more neutrality precautions. Oil to the state department in search of U. S. aid went Norway's Minister Wilhelm Morgenstjerne and Denmark's Henrik De Kauffmann. Soon the wheels began turning swiftly.

First presidential job was to extend the ban on U. S. shipping against Norway, Sweden and arctic ports of both Russia and Finland. Next, while Envoys Morgenstjerne and Kauffmann waited anxiously, the President:

"Froze" all bank balances and foreign exchange transactions involving Norway and Denmark, thus preventing the Reich from seizing those country's assets in the U. S.

Authorized foreign sale of several new type warplanes.

CONGRESS:

Idle Week

Day before Germany invaded Scandinavia, North Carolina's Sen. Bob Reynolds made a speech. Said he: "Norway, Sweden and Denmark did not get into the last World war... (they) are today within a stone's throw of a repetition of the same thing, and they are not going to get into it."

Rest of the week, outside of ribbing Bob Reynolds, congress managed to spend a little time in committee sessions. Most eyes were on the European war, however. Congressional items:

To avoid boosting the debt limit, Colorado's Senator Adams suggested that the treasury be authorized to borrow money to meet specific appropriations.

Several senators got worried about Alaskan defenses. Reason: Russia has recently built fortifications in the north Pacific. One suggestion was that the U. S. should take sovereignty over Wrangell Island which lies midway between Alaska and Russia.

Ohio's Senator Taft labeled "100 per cent regimentation" several provisions of the Wagner-Lewis bill relating to investment trusts.

President Roosevelt vetoed the Starnes alien deportation bill. Reason: Its penalties for alien spies and saboteurs were superfluous.

TREND

How the wind is blowing...

BUSINESS—The commerce department reported a 48 per cent rise in U. S. exports to Latin America during the first six months of Europe's war. Biggest gains: Mexico and Argentina, 55.7 and 54 per cent, respectively.

SCIENCE—Announced by DuPont was a rayon cord tire, claimed to be 3,000 per cent sturdier than cotton, having greater tensile strength than structural steel and capable of running 80,000 miles under conditions which destroyed an ordinary tire in 3,000 miles.

AVIATION—Braniff always asked for permission to extend its lines eastward from Kansas City to Washington.

POLITICS:

Fourth Try

Three white-haired, silver-tongued Norman Thomas has run for the presidency on the Socialist ticket. In early April, when his party inaugurated the 1040 national convention season, Socialist Thomas came back again.

At Washington, the convention named as his vice presidential running mate a 34-year-old economics professor from the University of Chicago, Maynard C. Krueger (pronounced Kreeger). Backed by a \$100,000 campaign fund yet to be

THOMAS AND KRUEGER
They have a program.

raised, Candidates Thomas and Krueger promised to stump the country from May until October on a two-point program: (1) complete isolation from the war, and (2) socialization of major U. S. industries.

Other political news:

In Illinois, Lieut. Gov. John Stelle, who rebelled against the Kelly-Nash-Horner machine, watched painfully many months while Gov. Henry C. Ford, ailing badly, let a "regency" run the state. Finally, feeling his oats a few days before the primary election, Stelle took an unprecedented step. He declared himself governor, summoned the legislature in special session and "fired" Samuel L. Nudelman, state finance director and right-hand Horner man. On election day, Stelle lost the Democratic gubernatorial nomination to Harry Hershely, machine candidate.

In both Illinois and Nebraska primaries G. O. P. hopeful Tom Dewey rolled up impressive primary votes, unopposed in the first. More noteworthy in both states was the way Franklin D. Roosevelt's supporters won delegates to the national convention. Biggest upset: Nebraska's defeat of Sen. Edward R. Burke.

AGRICULTURE:

Wheat Forecast

With Europe's war apparently spreading, the U. S. took stock of its cupboard. Released was a periodic agriculture department forecast on winter wheat production, heavy with bad news. Statisticians figured about 29 per cent of the 45,014,000 acres seeded last fall had been abandoned for lack of moisture and other unfavorable conditions. Total winter wheat production, therefore, will be 426,215,000, lowest since 1937. But this, added to a normal spring crop of 200,000,000 and a carryover of about 300,000,000, will leave Uncle Sam's granary in good shape.

MEXICO:

Rebuke

For almost three years the U. S. has sought vainly to secure a settlement on American-owned oil lands which Mexico expropriated. Though arbiters have been near the goal posts several times, negotiations have invariably broken down. In early April, Secretary of State Cordell Hull got angry. Forwarded to Mexican Ambassador Castillo Najera was an unusually sharp note which the state department made public a week later. One rebuke: "During the past 25 years, one American interest in Mexico after another has suffered at the hands of the Mexican government."

LABOR:

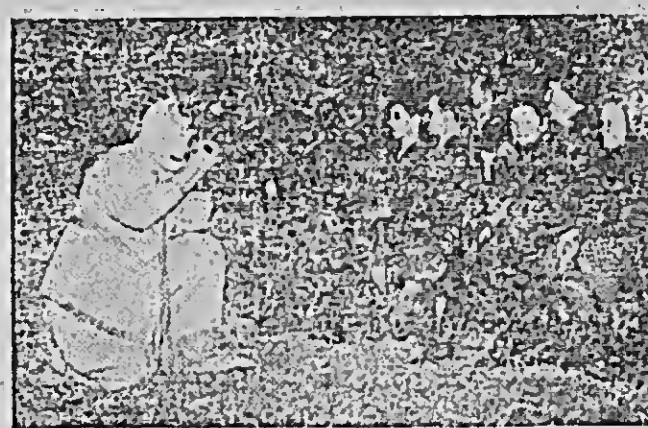

Republic Loses

For "unfair labor practices" resulting in the Little Steel strike of 1937, the Republic Steel corporation was handed a labor board order last year directing reinstatement of about 5,000 C. I. O. strikers with back pay of more than \$5,000,000. Republic protested, but the third circuit court of appeals upheld NLRB's decision. This month Republic's case reached the U. S. Supreme court. Verdict: NLRB again upheld.

Camera Fan Shoots Night Circus Brings 'em Back Alive!

in getting clear action shots from far away is this. He used high-speed film. He took advantage of the fact that the mid-get bulb's flash is a point-source of light. This permitted use of a spot-type reflector with the result that Bob was able to rifle a powerful "bullet" of light at his distant targets.

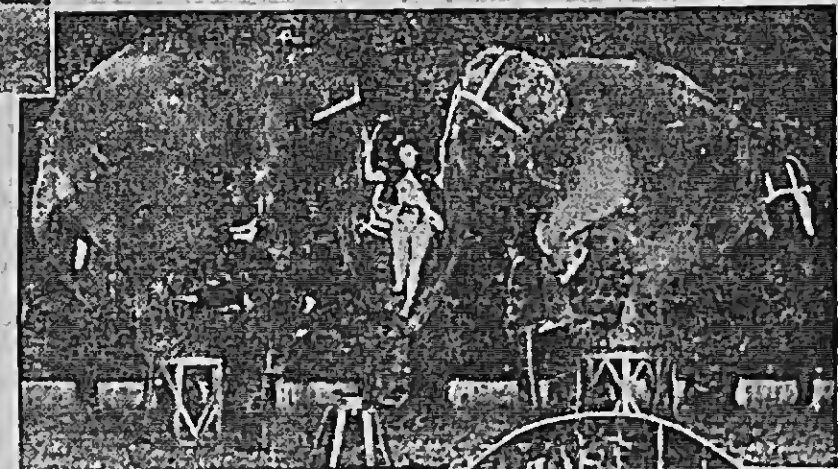

IF BOB could only have his way, a hunting he would go—to darkest Africa in pursuit of big game. But Bob is no millionaire. So he satisfies his hunting instincts by shooting pictures—photos of everything. Bob, you see, is one of America's countless camera fans.

The circus played his town the other night. Bob had always wanted to snare some prize photoflash shots of circus acts. But how to do this, what with his seat in the crowd so far away from his quarry? That was the question. Here is his answer:

He captured circus scenes here shown with the aid of, believe it or not—with midgets. No... not with the help of the familiar circus midget. Truth is, Bob bagged each picture with a single tiny flash bulb no bigger than a walnut. So small yet so powerful is the peewee lamp that photographers are calling it the "mighty midget."

The rest of the story accounting for Bob's success

Thus, not only Bob saw the circus, but so did his relatively inexpensive camera. No wonder he "brought 'em back alive."

MILLBURN

Alice Denman was elected president of the Millburn Maidens 4-H clothing club at their organization meeting held at the home of their leader, Mrs. Eric Anderson Saturday afternoon. Other officers elected to serve with her are: vice-president, LaVergne Harkness; secretary-treasurer, Carol Ruth Upjohn; reporter, Shirley Harness; and recreation chairman, Lois Truax. Twelve girls have enrolled in the clothing project. The year's requirements were discussed at the meeting. The next meeting will be at the school-house on May 4.

Mr. and Mrs. Carl Anderson spent Sunday with their cousins, the James Mair family in Chicago.

For good shoes, reasonably priced, see Darnaby's Shoe Store, Antioch, Ill.

Alex Robertson and son of Lake Forest were callers at the D. B. Webb home Sunday afternoon.

Philip Palmer and Miss Shirley Shale of Chicago were guests at the parsonage on Sunday. The Rev. and Mrs. Melvin Frank and their guests, also Betty Shank, Thelma Clark and Wilson King attended the Passion play at Zion Sunday afternoon.

Fifty-eight votes were cast at the school election Saturday evening. Harley Clark was elected president for one year and Lyman Thain and Harley Clark were elected directors for three years. E. A. Martin, Leslie Bonner and Lewis Bauman were the retiring officers.

Phyllis Hauser was absent from school the past week due to illness.

Mrs. J. H. Bonner and daughter, Vivien, spent Sunday with Mrs. Jessie Low.

Fred Letchford of Evanston spent Monday with his aunt, Mrs. Alice Spring.

Mrs. Janet Eddy and grandchildren, Richard, Margaret and Helen Prince, and Philip Dietmeyer, with the Clarence Eddy family from Gurnee spent Sunday with Mr. and Mrs. Will Campbell in Chicago.

Mr. and Mrs. Jacob Ton and Mr. and Mrs. Ray Beam of Porter, Ind., spent Sunday afternoon at the J. Kahut home.

Will Bonner and Gordon Bonner and their families were dinner guests at the R. J. Bonner home at Kansasville, Wis., Sunday.

For good shoes, reasonably priced, see Darnaby's Shoe Store, Antioch, Ill. Mr. and Mrs. E. A. Martin and son, Richard, were guests for dinner at the Ray Ferry home Sunday.

Mr. and Mrs. Frank Hauser and family spent Sunday afternoon with Mrs. Hauser's mother, Mrs. Charles Hoff, at Camp Lake.

Hickory Unit of Home Bureau will meet at the home of Mrs. Emmet King Thursday afternoon. Mrs. Volk will give a lesson on "Quick Breads."

Miss Geraldine Bonner of Urbana spent the week-end with her parents, Mr. and Mrs. S. Bonner.

Funeral services for Mrs. Jennie Pickles were held in Millburn church Monday afternoon at 2 o'clock. The Rev. Melvin Frank officiated and burial was in Millburn cemetery.

LAKE VILLA

Lake Villa Community Church Methodist—L. B. Allen, Pastor Sunday School—10 A. M. Worship Service—11 A. M. Epworth League—7:30 P. M. Next Sunday evening the Lake Villa Epworth League will entertain some 60 visiting young people from Millburn, Grayslake and Fox Lake. The program will open at 8 o'clock with a worship service conducted by George Walker, president of the local league. Several special numbers will be given during this service, and will be followed by the special speaker brought in for the occasion. After the worship hour, Bill Peterson, chairman of recreation, will take over to lead the group in a fun fest. Later a lunch will be served and the evening will close with the singing of some of the great hymns of the church.

The Father-Son banquet last week was attended by as many as could be accommodated and the speaker, Mr. Salisbury of Gurnee, who works with boys a great deal in athletics, gave a very interesting talk on Dads and Lads.

For good shoes, reasonably priced, see Darnaby's Shoe Store, Antioch, Ill. The Rev. and Mrs. L. B. Allen were guests of Dist. Supt. A. T. Stephenson at a banquet in Evanston last Thursday evening.

Mrs. Blumenschein entertained guests from Waukegan at her home last Wednesday.

Mrs. Will Fish was hostess for the R. N. A. Officers' club at her home last Thursday afternoon, and four tables of cards were played.

Fred Hamlin is quite ill at his home.

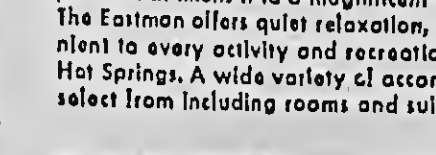

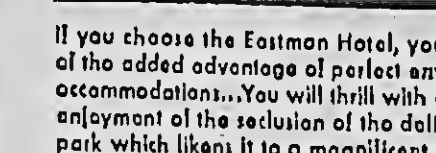

Mr. and Mrs. Lester Hamlin and sons visited Mrs. Hamlin's sister in Chicago Sunday.

ECHOES

U. S. and the War

HANDLING U. S. diplomatic problems in Norway is Mrs. J. Borden Harriman, minister to that country the past three years and the second woman envoy in U. S. history. It was she who broke through the barrier of silence with the first official news that war had come to Norway. A British army officer's daughter, she married a wealthy U. S. banker who died in 1914.

A RISE in U. S. pork prices was forecast since Great Britain's supply source in Denmark has been cut off. Mainly, however, department of agriculture officials predicted the Nazi occupation would have little immediate effect upon farm exports.

THE STATE department worried over the plight of 3,300 Americans in Scandinavia, all of whom were reported safe. ONLY A SMALL part of the \$35,000,000 in U. S. credits extended to Denmark, Norway and Sweden by the Export-Import bank have been used, according to Warren Lee Pierce, president of the bank. The Norwegians had planned to buy mostly wheat, lard, cotton thread for fish nets and some other agricultural products. Most of Denmark's anticipated purchases were machinery and manufactured goods.
